

RT-F40G13-C00**QSFP+ 40G PSM4 2KM 1310nm Optical Transceiver Module****Product Features**

- Four-channel full-duplex transceiver modules
- Transmission data rate up to 11.2Gbit/s per channel
- Up to 2km transmission of single mode fiber
- Low power consumption<2.5W, meet class 3
- Operating case temperature: 0~70°C
- 3.3V power supply voltage
- Hot Pluggable QSFP form factor
- RoHS compliant
- Single MPO connector receptacle
- Built-in digital diagnostic function

QSFP-40G-PSM4-IR

Applications

- Infiniband QDR and DDR interconnects
- 40G Ethernet
- Proprietary High Speed Interconnections
- Data center

P/N	RT-F40G13-C00
Form Factor	QSFP+
Data Rate	40G
Wavelength	1310nm
Reach	2KM
Cable type	SMF
Connector	MPO
TX Power(dBm)	-5.5~2.3
RX Sensitivity(dBm)	-11.5
Power Consumption(W)	<2.5
Operating case temperature	0~70°C
Warranty	3 years
